GENERAL REGULATIONS

11. TERMS OF SERVICE

1. GENERAL

1. Except as otherwise specified, these Terms of Service apply with regard to services for which the Canadian Radio-television and Telecommunications Commission has approved a tariff.
2. These Terms do not limit Island Tel's liability in cases of deliberate fault, gross negligence, anti-competitive conduct, or of breach of contract where the breach results from the gross negligence of Island Tel.
3. Tariffed services offered by Island Tel are subject to the terms and conditions contained in:
 - (a) these Terms;
 - (b) applicable provisions of Island Tel's tariffs; and
 - (c) any written application, to the extent that it is not inconsistent with these Terms or the tariffs.

C
C

All of the above bind both Island Tel and its customers.

2. EFFECTIVE DATE OF CHANGES

1. Subject to 2.2, changes to these Terms or the tariffs, as approved by the Commission, take effect on their effective date even though applicants or customers have not been notified of them or have paid or been billed at the old rate.
2. The old non-recurring charges for the transaction in question apply where service which was to be provided by a certain agreed-upon date was, through no fault of the applicant or customer, not so provided and in the meantime a rate increase has gone into effect.

3. OBLIGATION TO PROVIDE SERVICE

1. Island Tel is not required to provide service to an applicant where:
 - (a) Island Tel would have to incur unusual expenses which the applicant will not pay; for example, for securing rights of way or for special construction;
 - (b) the applicant owes amounts to Island Tel that are past due other than as a guarantor; or
 - (c) The applicant does not provide a reasonable deposit or alternative required pursuant to these terms.

	3. <u>OBLIGATION TO PROVIDE SERVICE</u> (Cont'd)		
	2. Application for service or for additional service and/or equipment in connection with service already established may be made orally or shall be in writing if Island Tel so requires in order to establish the identity of the applicant or customer in circumstances where Island Tel has reasonable grounds for believing that the applicant or customer intends to defraud Island Tel or to evade payment.	M # C I I C	
	3. Where Island Tel does not provide service on application, it must provide the applicant with a written explanation upon request.	#	C
	4. <u>ISLAND TEL FACILITIES</u>		C
	1. Except where otherwise stipulated in its tariffs or by special agreement, Island Tel must furnish and install all facilities required to provide service.	C	
	2. Upon termination of service, the customer must return Island Tel equipment.	C	
	3. Island Tel must bear the expense of maintenance and repairs required due to normal wear and tear to its facilities, except that Island Tel may charge for the additional expense incurred when the applicant or customer requires maintenance and repair work to be performed outside of regular working hours. This section does not apply where otherwise stipulated in Island Tel's tariffs or by special agreement.	C C	
	4. A customer who has deliberately, or by virtue of a lack of reasonable care, caused loss or damage to Island Tel's facilities, may be charged the cost of restoration or replacement. In all cases, customers are liable for damage caused to Island Tel facilities by customer-provided facilities.	C	
	5. <u>ISLAND TEL'S RIGHT TO ENTER PREMISES</u>		M C
	1. Island Tel's agents and employees may, at reasonable hours, enter premises on which service is or is to be provided, to install, inspect, repair and remove its facilities, to inspect and perform necessary maintenance in cases of network-affecting disruptions involving customer-provided facilities, and to collect proceeds from coin telephones. 5. ISLAND TEL'S RIGHT TO ENTER PREMISES (Cont'd)

2. Prior to entering premises, Island Tel must obtain permission from the applicant, customer or other responsible person.
3. Entry is not subject to 5.1 and 5.2 in cases of emergency or where entry is pursuant to a court order.
4. Upon request, Island Tel's agent or employee must show valid Island Tel identification prior to entering premises.

6. BASIC GRADE OF SERVICE

The basic grade of telephone service Island Tel will provide to its customers is one-party (single party) service. Service is provided subject to the availability of suitable facilities and applicable Island Tel policies in effect.

C

7. DEPOSITS AND ALTERNATIVES

1. Except as otherwise stipulated in its tariffs, Island Tel cannot require deposits from an applicant or customer at any time unless the applicant or customer:
 - (a) has no credit history with Island Tel and will not provide satisfactory credit information;
 - (b) has an unsatisfactory credit rating with Island Tel due to payment practices in the previous two years regarding Island Tel services; or
 - (c) clearly presents an abnormal risk of loss.
2. Island Tel must inform the applicant or customer of the specific reason for requiring a deposit, and of the possibility of providing an alternative to a deposit, such as arranging for third party payment, a bank letter of credit or a written guarantee from a third person whose credit is established to the satisfaction of Island Tel.
3. An applicant or customer may provide an alternative to a deposit provided it is reasonable in the circumstances.
4. At no time may the total amount of all deposits and alternatives provided by or for an applicant or customer exceed three months' charges for all services, including anticipated long distance charges.

Item GENERAL REGULATIONS (Cont'd)

11. TERMS OF SERVICE (Cont'd)

7. DEPOSITS AND ALTERNATIVES (Cont'd)

5. Deposits earn interest in accordance with the applicable provisions of Island Tel's tariffs.
6. Whenever Island Tel holds a deposit it must indicate the following on that customer's monthly account:
 - (a) that a deposit is being held by Island Tel in connection with the customer's account; and
 - (b) a telephone number of an Island Tel representative to whom any enquiries regarding the deposit may be directed.

At least once per year, Island Tel must also indicate on that customer's account the total amount of deposits held as well as the total interest accrued on the deposits.

7. Island Tel must review the continued appropriateness of deposits and alternative arrangements at ten month intervals, or sooner upon customer request. When service is terminated or the conditions which originally justified them are no longer present, Island Tel must promptly refund the deposit, with interest, or return the guarantee or other written undertaking, retaining only an amount then owed to it by the customer.

8. RESTRICTIONS ON USE OF SERVICE

1. Service may be used by the customer and all persons having the customer's permission to use it. In the case of business telephone service, joint use within the meaning of Island Tel's tariffs is permitted only upon approval by Island Tel in accordance with the applicable provisions of its tariffs.
2. Customers are prohibited from using Island Tel's services or permitting them to be used for a purpose or in a manner that is contrary to law or for the purpose of making annoying or offensive calls.
3. Customers are prohibited from using Island Tel's services or permitting them to be used so as to prevent a fair and proportionate use by others. For this purpose, Island Tel may limit use of its services as necessary.

4. Island Tel's facilities must not be re-arranged, disconnected, removed, repaired or otherwise interfered with except in cases of emergency, where specified in Island Tel's tariffs or by special agreement. Terminal equipment provided by the customer may be connected with Island Tel's facilities, pursuant to the provisions of the General Tariff or by special agreement.
5. No payment may be exacted, directly or indirectly from any person or by any party other than Island Tel for the use of any of Island Tel's services, except where otherwise stipulated in Island Tel's Tariff or by special agreement.

9. CUSTOMER LIABILITY FOR CALLS

1. Customers are responsible for paying for all calls originating from, and charged calls accepted at, their telephones, regardless of who made or accepted them.

10. DISPUTE PROCEDURE

1. Customers may dispute charges for calls which they do not believe originated from or were accepted at their telephones. The dispute procedure set out in the introductory pages of the telephone directory should be followed and customers must pay the undisputed portion of the bill.

11. CONFIDENTIALITY OF CUSTOMER RECORDS

1. Unless a customer provides express consent or disclosure is pursuant to a legal power, all information kept by the company regarding the customer, other than the customer's name, address and listed telephone number, is confidential and may not be disclosed by the company to anyone other than:
 - (a) the customer;
 - (b) a person who, in the reasonable judgement of the company, is seeking the information as an agent of the customer;
 - (c) another telephone company, provided the information is required for the efficient and cost-effective provision of telephone service and disclosure is made on a confidential basis with the information to be used only for that purpose;
 - (d) a company involved in supplying the customer with telephone or telephone directory related services, provided the information is required for that purpose and disclosure is made on a confidential basis with the information to be used only for that purpose;
 - (e) an agent retained by the company to evaluate the customer's creditworthiness or to collect the customer's account, provided the information is required for and is to be used only for, that purpose;
 - (f) a public authority or agent of a public authority, if in the reasonable judgement of the Company, it appears that there is imminent danger to life or property which could be avoided or minimized by disclosure of the information; or
 - (g) an affiliate involved in supplying the customer with telecommunications and/or broadcasting services, provided the information is required for that purpose and disclosure is made on a confidential basis with the information to be used only for that purpose.

Express consent may be taken to be given by a customer where the customer provides:

- (a) written consent;
- (b) oral confirmation verified by an independent third party;
- (c) electronic confirmation through the use of a toll-free number;
- (d) electronic confirmation via the Internet;
- (e) oral consent, where an audio recording of the consent is retained by the carrier; or
- (f) consent through other methods, as long as an objective documented record of customer consent is created by the customer or by an independent third party.

- 2. Island Tel's liability for disclosure of information contrary to 11.1 is not limited by Item 11.16.1.
- 3. Upon request, customers are permitted to inspect any of Island Tel records regarding their service.

13. DIRECTORY ERRORS AND OMISSIONS

- 1. In the case of errors or omissions in directory white and yellow pages standard listings, whether or not the error or omission is with regard to a telephone number, Island Tel's liability is limited to making a refund or cancelling any charge associated with such listings for the period during which the error or omission occurred. However, where the error or omission is occasioned by Island Tel's negligence, Island Tel is also liable for the amount calculated in accordance with Item 11.16.1.
- 2. In the case of errors in telephone numbers in directory white and yellow pages listings, unless central office facilities are unavailable, Island Tel must provide reference of call service, free of charge, until termination of the customer's service or distribution of updated directories for that district in which the number or listing is correct.

Item GENERAL REGULATIONS (Cont'd)

11. TERMS OF SERVICE (Cont'd)

16. LIMITATION OF ISLAND TEL LIABILITY

2. Island Tel is not liable for:

- (a) any act or omission of a telecommunications carrier whose facilities are used in establishing connections to points which Island Tel does not directly serve;
- (b) defamation or copyright infringement arising from material transmitted or received over Island Tel's facilities.
- (c) infringement of patents arising from combining or using customer provided facilities with Island Tel's facilities; or
- (d) copyright or trademark infringement, passing off or acts of unfair competition arising from directory advertisements furnished by a customer or a customer's directory listing, provided such advertisements or the information contained in such listings were received in good faith in the ordinary course of business.

17. PAYMENT TIME LIMITS

- 1. Telephone service shall be billed in arrears and all amounts shown on the customer's bill are due on the due date shown on the bill. Failure to receive a bill shall not relieve the customer from the responsibility of making prompt payment to Island Tel.
- 2. The payment time limit is forborne from regulation, pursuant to Telecom Regulatory Policy CRTC 2009-424, Section III. Late payment charges will be calculated as set out on the customer invoice, or at www.bellaliant.ca.
- 3. In exceptional circumstances, for example, when a customer has incurred a significant amount of long distance charges and presents an abnormal risk of loss to Island Tel, prior to the normal billing date Island Tel may request payment from the customer on an interim basis for the non-recurring charges that have accrued, providing the customer with details regarding the services and charges in question.
- 4. No charge disputed by a customer can be considered past due unless Island Tel has reasonable grounds for believing that the purpose of the dispute is to evade or delay payment.
- 5. Island Tel may request immediate payment in extreme situations, provided that a notice has been issued pursuant to 17.3 and the abnormal risk of loss has substantially increased since that notice was given or Island Tel has reasonable grounds for believing that the customer intends to defraud Island Tel.

Item GENERAL REGULATIONS (Cont'd)

11. TERMS OF SERVICE (Cont'd)

18. LIABILITY FOR UNBILLED AND UNDERBILLED CHARGES

1. Unless there has been customer deception with regard to a charge, customers are not responsible for paying a previously unbilled or underbilled charge except where:

(a) in the case of a recurring charge or a charge for an international long distance message, it is correctly billed within a period of one year from the date it was incurred;

or

(b) in the case of a non-recurring charge other than for an international long distance message, it is correctly billed within a period of 150 days from the date it was incurred.

C

2. In the circumstances described in 18.1, unless there has been customer deception, Island Tel cannot charge the customer interest on the amount of the correction. If the customer is unable to promptly pay the full amount owing, Island Tel must attempt to negotiate a reasonable deferred payment agreement.

C

C

19. LIABILITY FOR CHARGES THAT SHOULD NOT HAVE BEEN BILLED AND THOSE THAT WERE OVERBILLED

1. In the case of a recurring charge that should not have been billed or that was overbilled, a customer must be credited with the excess back to the date of the error, subject to applicable limitation periods provided by law. However, a customer who does not dispute the charge within one year of the date of an itemized statement which shows that charge correctly, loses the right to have the excess credited for the period prior to that statement.

2. Non-recurring charges that should not have been billed or that were overbilled must be credited, provided that the customer disputes them within 150 days of the date of the bill.

3. A customer who is credited with any amount that should not have been billed or that was overbilled must also be credited with interest on that amount at the rate payable for interest on deposits that applied during the period in question.

Item GENERAL REGULATIONS (Cont'd)

11. TERMS OF SERVICE (Cont'd)

20. MINIMUM CONTRACT PERIOD AND CANCELLATION BEFORE SERVICE COMMENCEMENT

1. The minimum contract period for Island Tel's services is one month commencing from the date the service is provided, except where otherwise stipulated in Island Tel's tariffs or where Island Tel has stipulated a longer period in instances in which special construction is necessary or special assemblies are installed. C
C
C

2. A customer who cancels or delays a request for service before installation work has started cannot be charged by Island Tel. Installation work is considered to have started when the customer has advised Island Tel to proceed, and Island Tel has incurred any related expense. A customer who cancels or delays a request for service after installation work has started, but before service has started, will be charged the lesser of the full charge for the entire minimum contract period plus the installation charge and the estimated costs incurred in installation less estimated net salvage. The estimated installation costs include the cost of unsalvaged equipment and materials specifically provided or used plus the cost of installing, including engineering, supply expense, labour and supervision, and any other disbursements resulting from the installation and removal work.

21. CUSTOMER INITIATED TERMINATION OF SERVICE

1. Customers who give Island Tel reasonable advance notice may terminate their service after expiry of the minimum contract period, in which case they must pay charges due for service which has been furnished.
2. Before expiry of the minimum contract period, customers may terminate their service in which case they must pay the full charges for the entire minimum contract period or, in the following circumstances, charges due for service which has been furnished:
 - a) in the event of the death of the customer during the minimum contract period, the termination is effective from the date Island Tel is notified of the death;
 - b) where the customer's premises are destroyed, damaged or condemned by reason of fire or other causes beyond the customer's control, so that they must be abandoned, the termination is effective from the date Island Tel is notified;
 - c) in the case of directory listings for which a specific charge applies and in the case of directory listings with regard to joint use of service, in the event of the death of the listed party or any joint user or when either acquires separate telephone service, the termination is effective from the date Island Tel is notified of the death or from the date of the commencement of the separate service;
 - d) where a change to the base rate, exchange or local service area affects the customer's service, the termination is effective from the date Island Tel is notified of the customer's desire to terminate service;
 - e) where a customer replaces any Island Tel service with another Island Tel service, the termination is effective from the date of the replacement, subject to the terms of Island Tel's tariffs and, notwithstanding Item 11.1.3(c), the terms of the contract for the service in question;
 - f) where a customer's service is taken over without lapse by a customer at the same location, the termination with respect to the original customer is effective from that date. However, if at that time the new customer discontinues any of the original service or facilities, the original customer must pay the full charge for such discontinued service or facilities for the entire minimum contract period;

2. Cont'd

- (g) where the circumstances specified in 21.2(a) through (f) do not apply, the minimum contract period is greater than one month at the same location, and the customer has given Island Tel advance notice, the termination is effective when the customer pays the termination charge specified in the contract for the service in question or, where such charge is not specified, a terminate charge of one-half of the charges remaining for the unexpired portion of the minimum contract period; and
- (h) in the case of directory listings for which a specific charge applies and in the case of directory listings with regard to joint use of service, where the listing has appeared in a directory and the customer's service is terminated or the listed party or joint user moves to another location, and the customer has given Island Tel advance notice, the termination is effective on the date of that service termination or move, subject to a minimum charge of one month, and as of such time as no reference of call service is provided from the old to the new number.

Item GENERAL REGULATIONS (Cont'd)

11. TERMS OF SERVICE (Cont'd)

22. ISLAND TEL-INITIATED SUSPENSION OR TERMINATION OF SERVICE

1. Island Tel may suspend or terminate a customer's service only where the customer:

- (a) fails to pay an account of the customer that is past due, provided it exceeds fifty dollars or has been past due for more than two months;
- (b) fails to provide or maintain a reasonable deposit or alternative when required to do so pursuant to these Terms;
- (c) fails to comply with the terms of a deferred payment agreement;
- (d) repeatedly fails to provide Island Tel with reasonable entry and access in conformity with Items 11.5.1. and 11.5.2.;
- (e) uses or permits others to use any of Island Tel's services so as to prevent fair and proportionate use by others;
- (f) uses or permits others to use any of Island Tel's services for a purpose or in a manner that is contrary to law or for the purpose of making annoying or offensive calls;
- (g) contravenes Items 11.8.4. or 11.8.5.;
- (h) fails to provide payment when requested by Island Tel pursuant to Item 11.17.5.
- (i) Island Tel may also apply partial temporary disconnection of service, which provides for the restriction of access to message toll service, for non-payment of charges purchased from, or billed on behalf of, other long distance service providers that are not disputed. Partial temporary disconnection is applied at Island Tel's discretion, to customers served from central offices equipped with electronic switching.
- j) As an exception to Item 11.22.2.(a) below, the Company may suspend or terminate a customer's service according to Item 11.22.1.(a) above when accounts with charges purchased from or billed on behalf of other long distance service providers are not paid.

C
I
C

2. Island Tel may not suspend or terminate service in the following circumstances;

- (a) failure to pay non-tariffed charges;
- (b) failure to pay charges for a different class of service at different premises or for service in the name of another customer, including failure to pay the account of another customer as a guarantor;
- (c) where the customer is prepared to enter into and honour a reasonable deferred payment agreement; or
- (d) where this is a dispute regarding the basis of the proposed suspension or termination, provided payment is being made for undisputed outstanding amounts and Island Tel does not have reasonable grounds for believing that the purpose of that dispute is to evade or delay payment.

Item GENERAL REGULATIONS (Cont'd)

11. TERMS OF SERVICE (Cont'd)

22. ISLAND TEL-INITIATED SUSPENSION OR TERMINATION OF SERVICE (Cont'd)

3. Prior to suspension or termination, Island Tel must provide the customer with reasonable advance notice, stating:
- (a) the reason for the proposed suspension or termination and the amount owing (if any);
 - (b) the scheduled suspension or termination date;
 - (c) that a reasonable deferred payment agreement can be entered into (where the reason for suspension or termination is failure to pay);
 - (d) the reconnection charge;
 - (e) the telephone number of an Island Tel representative with whom any dispute may be discussed; and
 - (f) that disputes unresolved with this representative may be referred to a senior Island Tel manager.

Where repeated efforts to contact the customer have failed, Island Tel must deliver such advance notice to the billing address.

For the purposes of Item 22.3 of Island Tel's Terms of Service, reasonable advance notice for the termination or suspension of the service of a customer that is a competitor will generally be at least 30 days.

N
I
N

4. In addition to the notice required by Item 22.3, Island Tel must, at least twenty-four hours prior to suspension or termination, advise the customer or another responsible person that suspension or termination is imminent, except where:
- (a) repeated efforts to so advise have failed;
 - (b) immediate action must be taken to protect Island Tel from network harm resulting from customer-provided equipment; or
 - (c) the suspension or termination occurs by virtue of a failure to provide payment when requested by Island Tel pursuant to Item 11.17.5.
5. Except with customer consent or in exceptional circumstances, suspension or termination may occur only on business days between 8 a.m. and 4 p.m., unless the business day precedes a non-business day in which case disconnection may not occur after 12 noon.
6. Suspension or termination does not affect the customer's obligation to pay any amount owed to Island Tel.
7. In the case of services that have been suspended, unless suspension occurs during the minimum contract period, Island Tel must make a daily pro rata allowance based on the monthly charge for such services.

694. GENERAL (Cont'd)

Note: The business service elements of this tariff Item are forborne from regulation in certain exchanges, as identified in General Tariff CRTC 21491, Item 200.

- (e) The rate for Basic Centrex Business Service does not include the provision of telephone sets. (See Item 698.5. (e)) C
- (f) Centrex Business Service provides for the following: C
 - (1) Access to Centrex features. (See Item 695.1. and 699.)
 - (2) Common equipment and switching equipment, on the Company's or the customer's premises, as required.
 - (3) Circuitry to connect the subscriber's location to the wire-centre that serves the area in which the terminal equipment is located, including termination on a jack.
 - (4) One group of trunk lines for incoming service to the attendant's position.
 - (5) Trunk lines, as required, for incoming and outgoing calls to and from locals of the system.
 - (6) Detailed service billing by individual telephone number or by account number.
 - (7) Intercept which provides for calls to a vacant terminal to be routed to a recorded announcement.

695. BASIC

Note: The business service elements of this tariff item are forborne from regulation in certain exchanges, as identified in Item 200.

1. BASIC FEATURES

Centrex Business Service rates provide for the following basic features:

- (a) Ring Again - enables a system local by means of pre dialing, to be aware when a previously called busy local becomes idle and to call it again without having to re-dial.
- (b) Automatic Line - provides an automatic connection to a predetermined telephone number.

Item CENTREX BUSINESS SERVICE (Cont'd)

695. BASIC (Cont'd)

1. BASIC FEATURES (Cont'd)

(c) Call Forwarding

- All calls - enables any incoming call to be forwarded immediately to another local, attendant or to another outside number.
- Busy - enables any incoming call to be forwarded to another local when the original local is busy.
- No answer - enables any incoming call to be forwarded to another local when the original local is not answered after a specified period of time.

(d) Call Park - enables a local or attendant to park a call, make and receive calls. Calls can be retrieved by any local.

(e) Call Pick up - enables a local to pick up calls ringing at another local in the same call pick up group.

(f) Call Transfer - enables a local to transfer an incoming call to one other local on the system.

(g) Call Waiting - enables a called busy local to receive a call waiting tone. The called busy local may place the existing call on hold, then alternate between callers or abandon one of the calls.

(h) Code Restrictions - provides for individual lines to be protected from call interruption; i.e. data transmission lines.

(i) Conference Calling

- 3-Way - enables a local to add another party inside or outside the system to an existing connection for a three-party conference.

1. BASIC FEATURES (Cont'd)

C

- (j) Direct Inward Dialing - provides for incoming calls from the exchange network to reach a specific customer group local without attendant assistance.
- (k) Direct Outward Dialing - provides for a local user to originate external calls to the public switched network without attendant assistance.
- (l) Distinctive Ringing/Direction-dialed calls - provides the ability to identify certain intra group calls.
- (m) End-To-Ending Signaling - enables the local user, while on an established call, to send tone signals over the line for services such as dictation control.
- (n) Executive Override - enables a user to gain access to a busy local.
- (o) Flexible Intercept - provides for the automatic re-routing of calls that cannot be completed because of imposed restrictions, equipment or dialing irregularities. Calls are routed to an attendant, a tone or announcement.
- (p) Call Hold - enables a local or attendant to put a call on hold.
- (q) Hunting - provides for a group or sequence of lines that the system searches for an idle local on which to complete the call. The service may be directory number hunting, multi-line hunting or distributed line hunting.
- (r) Last Number Redial - this feature enables a local user to redial his/her last called number by depressing a single key or by dialing a feature access code rather than dialing the entire number.

C

(s) Network Class of Service

Network Class of Service defines the ability of a local to make or receive calls.

- UNRESTRICTED- locals are allowed to access the exchange, toll network and any special services accessible by dialing.
- SEMI RESTRICTED - locals are provided access to the exchange network, partial restrictions to the toll network and any special services accessible by dialing.
- TOLL RESTRICTED - locals are provided access to the exchange network and are denied access to the toll network. Special services accessible by dialing may be restricted.
- FULLY RESTRICTED - locals are denied access to the exchange network, toll network and any special services accessible by dialing.

C

C

(t) Night Service

- Flexible - enables the user to route after hour calls on each incoming call identification on a program basis prior to leaving the console at the end of each day.
- Fixed - enables the user to route certain after hour calls to pre-designated locals and/or locations.
- Trunk Answer from any Station - enables any local in the customer group to answer an incoming call by dialing a code.

(u) Simplified Dialing Plan - provides for an access code which the system translates as an abbreviated dialing plan for the customers' private network arrangement.

(v) Speed Call 10 - enables a local user to place calls to a previously designated list of frequently dialed numbers by dialing a speed calling code.

(w) Station-to-Station Calling (abbreviated dialing) - enables locals in a customer group to complete calls to other locals.

(x) Tone Detection - enables the system to accommodate special tone detection services on outgoing calls.

(y) Touch-Tone Calling - enables user access to the switched network and numerous enhanced and optional features via terminals equipped for touch tone signaling.

697. CONDITIONS

Note: The business service elements of this tariff Item are forborne from regulation in certain exchanges, as identified in General Tariff CRTC 21491, Item 200.

1. Centrex Business Service (with the exception of Small Centrex Business Service) and National Centrex are provided only to subscribers who have a minimum requirement of 30 billed Centrex Business Service locals.
2. When the Extension Line Mileage rate for an off-premises telephone within the exchange area associated with Centrex Business Service exceeds the Centrex Business Service rate for that service, the Centrex Business Service rate will apply. (See Item 698.)
3. Centrex Business Service terminating on Multi Line Terminal Equipment Item 690.(a) and being used in the manner described therein (terminal equipment that is configured to connect to a greater number of terminals to a smaller number of network interfaces) will take the appropriate rate for Multiline Terminal Systems as described in Item 720.
4. Centrex Business Service terminating on Multiline Terminal Equipment and configured to provide an equal number of terminals to network interfaces will take the appropriate Centrex Business Service Rate and applicable terms and conditions as subscribed to by the customer.
5. With the exception of National Centrex Service, Centrex Business Service is furnished at monthly rental rates specific to one, two, three or five-year Minimum Service Periods (M.S.P.) as elected by the subscriber. During an M.S.P., subscribers shall be subject to termination liability. At the expiry of the original or extended M.S.P., all locals will revert to the monthly rates unless a new M.S.P. is chosen or the subscriber elects an extension of one year increments to a maximum equal to the length of the original M.S.P., at existing M.S.P. terms, conditions and rates. Additional extensions of one year increments beyond a length equal to the original M.S.P. at existing M.S.P. terms, conditions and rates are available, subject to the agreement of the Company and the customer. A Centrex Customer may agree to i) commit to another immediately succeeding M.S.P. of equal duration, and for an equal quantity commitment level, or ii) extend an existing M.S.P. as described herein, for an equal quantity commitment level.
6. Moved to CRTC 21491, Item 215.2.
7. Moved to CRTC 21491, Item 215.2.
8. Negotiation Period following the end of the current M.S.P. contract. Where the customer has not selected an extension period as noted above, and subject to the agreement of the Company and the customer, service may continue beyond the end of the current M.S.P. contract at the same rates, terms and conditions for a period of up to six months, for the purpose of negotiating a subsequent contract for this or another Company-provided local access service (the "Negotiation Period"). If, by the end of the Negotiation Period, the Company and the customer are unable to agree to a subsequent contract for this or another Company-provided local access service, the Company will, in addition to the M.S.P. contract rates, bill the customer the difference between the applicable non-contract rates that would have applied at the end of the M.S.P. and the M.S.P. contract rates.

15. The termination charge for Small Centrex Business Service, Centrex Business Service and National Centrex Service shall be an amount equal to the present worth of the payments remaining in the M.S.P., the present worth calculated at the Company's cost of capital in effect at the time of termination.
16. Termination charges will not apply after the M.S.P. expiry date.
17. Centrex Business Service rates are based on the number of locals subscribed to as set out in Item 698.
18. Customers may migrate their Centrex Business Service under the terms of an M.S.P. to any access services which are subject to the terms of an M.S.P. In such cases, termination charges do not apply, provided that the charges remaining on the M.S.P. for Centrex Business Service that they are migrating from are less than those being committed under the new M.S.P. for the other service. If the charges remaining are greater than those being committed under the M.S.P. for the other service, then termination charges as determined above apply on the difference between the two amounts.

699. OPTIONAL FEATURE DESCRIPTIONS

Note: The business service elements of this tariff Item are forborne from regulation in certain exchanges, as identified in General Tariff CRTC 21491, Item 200.

N
N

- (a) Station Message Detail Recording - this service provides the customer with system generated raw data on call details (not available on Small Centrex Service). SMDR is included in the line rate for NCS.
- (b) Speed Calling Long List - provides for the use of an abbreviated code instead of the usual four or more digits.
- (c) Additional Directory Number - provides for the appearance of a second Centrex telephone number on CBS/Meridian sets through the assignment of an additional prime directory number to one of the spare keys on the set other than the set's main directory number.
- (d) Multiple Appearance of Directory Number - MCA - enables a directory number to be assigned to more than one CBS/Meridian set in a designated group arrangement referred to as a MADN-MCA group. A MADN-MCA group may consist of a maximum of 32 CBS/Meridian sets configured in a Multiple Call Arrangement (MCA) which provides for simultaneous access to the Multiple Appearance Directory Number by all sets in the MADN group.
- (e) Automatic Route Selection - provides for automatic selection of least cost routing on idle outgoing system trunks. Included in the basic feature package for Centrex Business Service, and NCS. It is a chargeable option for Small Centrex service.
- (f) Message Waiting/Visual Indication - this service provides activation of a message waiting lamp for non-proprietary Centrex sets. This is provided on sets with visual message waiting lamps.
- (g) Automatic Call Distribution Service (ACD) - Moved to CRTC 21491, Item 215.5.
- (h) Customized Voice Announcements (UCD/ACD) – Moved to CRTC 21491, Item 215.5.

Item CENTREX BUSINESS SERVICE (Cont'd)

699. OPTIONAL FEATURE DESCRIPTION (Cont'd)

(i) Enhanced Feature Position (EAP)

The Enhanced Answering Position provides a customer with an attendant position that can monitor the telephone numbers within a customer group by using Meridian business sets and add-on modules. The EAP provides monitoring and transfer/conference capability using a busy lamp field, direct station selection and trunks on release.

(j) Reserved for future use.

(k) Centrex Dynamic Change (CDC)

This arrangement allows customers to do their own telephone set moves and changes and to add, change or delete station features on Centrex lines and telephones, by interfacing directly with the DMS central office on a real time basis. A complete record of the customer's lines, stations and associated features is not provided. This feature is not compatible with Microlink.

(1) CMS on Centrex - CMS (Call Management Services) on Centrex is comprised of network-based line features which are furnished with Centrex voice locals (available with CBS, SCS and NCS). The provision of these features and also the ability to furnish the telephone number from which a call originates, are subject to the availability of suitable facilities and suitably-equipped digital switching equipment.

(1) Notwithstanding any provisions of the Company's Tariffs and as an exception to Item 11.11., any unlisted telephone number from which a call originates is furnished, as facilities permit, on a call-by-call basis to Centrex customers.

(2) Any person wishing to protect the anonymity of their calling number may place calls through the Company's operator or may subscribe to Call Blocking.

Item CENTREX BUSINESS SERVICE (Cont'd)

699. OPTIONAL FEATURE DESCRIPTION (Cont'd)

(1) CMS On Centrex (Cont'd)

(3) Call Display provides the means to activate the CMS on Centrex customer's visual display of the telephone number from which the call is originated. In order to access this feature the customer must have a display device which is compatible with CMS on Centrex. See Item 698.5. (f) for applicable rates and Items 350. to 385. for application of Service Charges.

(4) Call Trace enables the called Centrex customer to initiate an automatic trace of the last incoming call received. If successful, the Company's equipment will create a call record of the traced call. The customer will then be advised via a voice message that, if they would like to further pursue the matter, they should contact the Police. This feature is included as part of the Centrex CMS package. No additional charges apply for the use of this feature.

(l) Extended Call Management (ECM) Service - Moved to CRTC 21491, Item 215.5.

(m) Direct Inward System Access (DISA) - provides for a virtual facility which allows incoming access from the Public Switched Telephone Network (PSTN) via a DISA telephone number to Centrex system features without attendant assistance. The Centrex customer is required to subscribe to a DISA telephone number equipped with one talk path into a Centrex customer group. Additional DISA paths and Authorization Codes are also available at an optional charge. Authorization Codes are limited to 8000 per customer per switch.

(n) Select Ring – enables a customer to have on primary telephone number and up to three secondary telephone numbers. Distinctive or coded ringing is applied when a call is received to allow the customer to identify which number is being called.

(o) Music on Hold – enables a customer to provide music to callers while the caller is on hold. The music provided cannot be altered by the customer or the caller.

(p) Six Port Conference Bridge – Provides additional conference capabilities beyond the standard three way conference capability, allowing customers to have voice conferences with more conferees. N
|
N

(q) Meet Me Conferencing - Provides personal conference bridge capabilities that can be accessed anywhere with an assigned 7digit telephone number and password. N

Item WIRELESS ACCESS SERVICE (Cont'd)

920. GENERAL

- (a) The Company shall provide access, either on a Line-side or a Trunk-side basis, between its Public Switched Telephone Network (PSTN) and a Wireless Service Provider's Public Mobile Radio Service, which is licensed pursuant to the Radio Act. A Wireless Communications Service Provider (WSP) includes Cellular Service Operators (CSO), service operators providing Personal Communications Service (PCS) and service operators providing Special Mobile Radio (SMR)/Enhanced Special Mobile Radio (ESMR) Service. C
- (b) Wireless Access Service is provided throughout Prince Edward Island subject to the availability of suitable facilities and through a Company selected Central Office pursuant to the rates described in Item 922. C
C
- (c) Wireless Access Service includes the provision of the following components:
- (1) Cellular Access Trunk(s) - the equipment and facilities that provide for interconnection between and termination at the Company's Central Office and a Wireless Service Provider's (WSP's) Public Mobile Radio Service System and utilization of the Company's local Public Switched Telephone Network. Answer supervision and multi-frequency signalling is included where service is provided through a digitally controlled Central Office.
- (2) Telephone Numbers - seven digit telephone numbers equipped with outpulsing are provided from appropriately equipped exchanges in blocks of 100.
- (d) For the purpose of Wireless Access Service and subject to the availability of suitable facilities, the Company shall assign telephone numbers to each WSP from either different NXX's or from different 1000 groups of telephone numbers within an exchange.
- (e) Where digital provisioning of Wireless Access Service is requested, digital facilities shall be provided (where available) on a special assembly basis at additional cost for Line-Side Access and at the noted rates/conditions for Trunk-Side Access.

921. CONDITIONS OF SERVICE

- (a) The WSP is a subscriber of the Company and shall pay to the Company all charges incurred pursuant to Wireless Access Service such as Long Distance Service, Directory Assistance and other chargeable services.
- (b) The Company reserves the right to make necessary changes to its network and assumes no responsibility should such changes impact the design, performance, installation, operation, or maintenance of the WSP's Public Mobile Radio Service System except as required in Item 1810.(f).

Item WIRELESS ACCESS SERVICE (Cont'd)

921. CONDITIONS OF SERVICE (Cont'd)

- (c) Where the Company's network does not meet the technical service requirements of the WSP's Public Mobile Radio Service System, or any part thereof, the WSP shall obtain from the Company such supplemental service and equipment as the Company determines to be necessary to meet such technical service requirements. The WSP shall pay to the Company all of the charges for such supplemental service and equipment in addition to all other charges the WSP is required to pay to the Company pursuant to Wireless Access Service.
- (d) The carriage of inter-exchange wireless traffic is subject to the selection and confirmation by a formal letter of request from the WSP of one of the following service arrangements:
 - (1) Where all wireless traffic into or out of the Company's Local Service Areas, deemed under the terms of the Company's General Tariff to be Long Distance, are carried exclusively by the Company, the Company shall compensate the WSP as outline in Item 922.6. for such traffic; or
 - (2) Where the WSP chooses to carry any of its own inter-exchange wireless traffic on its own facilities, the Company will accept the hand-off of any such traffic at a point of interconnection within the Company's operating territory as may be selected by the WSP (subject to the availability of suitable facilities) for completion over the Company's facilities. In such circumstances, the WSP shall pay the appropriate rates that would be applicable for the completion of such traffic from the point of interconnection to final destination. No special discounts as proposed in 921.(d)(1) above would apply.
- (e) All transmissions on or over the WSP's interconnected Public Mobile Radio Service System shall be limited to messages where one or both of the terminating points of the message is a wireless radio telephone station of the WSP's Public Mobile Radio Service or would have been but for the activation of bona fide mobile system features (such as but not limited to the call forward feature). The utilization of such mobile system features are to be limited to actual mobile system subscribers and are not to provide for the wholesale use of the Public Mobile Radio Service System to carry traffic which originates and terminates on land line telephones. Further, where a WSP provides a competitive IX service pursuant to Telecom Decision CRTC 92-12, the terms, conditions and rates of Tariff CRTC 11008, Access Services Tariff for Interconnection with Interexchange Carriers (IXCs), shall apply. C
- (f) The WSP's Public Mobile Radio Service System must be configured such that access to the Company's PSTN is not available to any other supplier of telecommunication facilities which may be connected to the WSP's system.

921. CONDITIONS OF SERVICE (Cont'd)

- (g) All Public Mobile Radio Service System interconnection arrangements shall be available to the Company at times mutually agreed upon in order to permit the Company to make tests and adjustments appropriate for maintaining the Company's circuits in satisfactory operating condition and to ensure that the WSP's system is configured so that service is being provided and used in compliance with the terms and intent of the Company's Wireless Access Service.
- (h) The WSP shall furnish to the Company from time to time and in a manner agreed to by the parties a forecast of the WSP's network requirements. Such information shall be treated as confidential by the Company and used only for the purpose provided.
- (i) The WSP shall also furnish the Company, at no charge, adequate equipment space, appropriate environmental conditions and electrical power as required by the Company to provide service.
- (j) The Company shall respond to trouble reports from the WSP or the WSP's duly authorized representatives after the WSP has first determined the trouble does not originate in the WSP's Public Mobile Radio Service System. The WSP shall instruct its subscribers to report all cases of trouble to the WSP.
- (k) The assignment of telephone numbers pursuant to the Company's Wireless Access Service does not include directory listings. Where the WSP's subscribers desire a directory listing for an assigned telephone number, such listing will be provided by the Company to the WSP in accordance with the applicable rates, charges and conditions for business extra listings.
- (l) Both the WSP and the Company shall adhere to the interconnection standard established by Industry Canada for the interface between Public Mobile Radio Service Systems and the Public Switched Telephone Network. Further, the WSP's equipment shall also meet the specifications established by Industry Canada. C
I
C
- (m) The provision of Wireless Access Service to the WSP does not constitute a partnership, joint venture or joint undertaking between the Company and the WSP.
- (n) Upon notice from the Company that the WSP's equipment operated by the WSP or its customers is causing or is likely to cause a hazard or interference with the proper functioning of the Company's facilities or may otherwise injure Company employees or the public in its use of the Company's facilities, the WSP shall take steps as shall be necessary to remove or prevent such hazard or interference or the Company may discontinue service.

Item NETWORK PAGING ACCESS SERVICE

925. GENERAL

- (a) Network Paging Access Service provides for the interconnection of the Paging Operator's paging terminal to the Company's switched telephone network in order to provide paging services as provided in Item 926.
- (b) Access shall be provided by way of connection in the Charlottetown Exchange of the paging terminal to Company provided Network Paging Access Trunks.
- (c) The Paging Operator is the Company's subscriber and is therefore liable to the Company for payment of all rates and charges associated with provision and use of the service.

926. SCOPE OF SERVICE

- (a) Network Paging Access Service is provided to Paging Operators to facilitate one-way access to the following types of paging services:
 - (1) Tone
 - (2) Voice
 - (3) Alpha Numeric Display
 - (4) Digital Display
 - (5) Voice Message Retrieval
- (b) This service, used in conjunction with a one-way radio paging service, will enable a member of the general public to originate a Customer Dialed Call from a telephone located anywhere in Prince Edward Island without incurring a long distance charge in order to communicate a message to a paging terminal and which message may be subsequently forwarded to a radio paging receiver.
- (c) Voice Message Retrieval provides for retrieval of voice messages which have been stored at the paging terminal by members of the general public for delivery to a radio paging receiver.

927. CONDITIONS

Item EMO - EMERGENCY MOBILE RADIO NETWORK ACCESS

960. EMO - EMERGENCY MOBILE RADIO NETWORK ACCESS

1. GENERAL

The Company shall provide access to its switched telephone network on a limited special Emergency basis only for mobile radio stations served by the P.E.I. EMO 800 MHz Trunked Mobile Radio System. Service shall be provided subject to the availability of suitable facilities and equipment and upon the terms and conditions provided herein.

2. DEFINITIONS

For the purpose of this Tariff, the following definitions apply:

- (a) EMERGENCY: A present or imminent event in respect of which the Minister or Municipality believes prompt co-ordination of action or special regulation of persons or property must be undertaken to protect the health, safety, or welfare of people or to limit damage to property.* C

Item MARITIME ELECTRIC MOBILE RADIO SYSTEM -
EMERGENCY NETWORK ACCESS

965. GENERAL

The regulation and conditions herein provide for the limited interconnection on an Emergency basis only of Maritime Electric's V.H.F. Mobile Radio System with the Company's Public Switched Telephone Network.

For the purpose of this Tariff, Emergency shall be defined to mean a real or imminent event in which employees of Maritime Electric believe prompt and exceptional action must be undertaken to prevent or limit injury to persons or damage to property or the environment or to protect the health and safety or welfare of the civil population and have so declared.

For the purpose of this Tariff Item, System shall mean Maritime Electric's V.H.F. Mobile Radio System.

966. CONDITIONS

This limited Emergency interconnection arrangement is provided subject to the following conditions:

The Maritime Electric System shall be kept structurally separate from the Company's Public Switched Telephone Network.

Access to the Company's Network by the System shall be facilitated manually through the console position of the Maritime Electric PBX located in Charlottetown.

Interconnection shall only be completed over the locally provided PBX Trunks served from the Charlottetown Exchange connecting the Maritime Electric PBX.

This interconnection arrangement is provided solely for the purpose of emergency communication to or from the Maritime Electric System and is not intended to provide for any other form of communication or interconnection through the system.

This arrangement shall also be subject to all other Tariff regulations such as but not limited to Item 45. and 1800.

The CRTC has granted forbearance, pursuant to Section 34 of the Telecommunications Act, for the material previously contained on this page. Accordingly, the material has been removed from this tariff.
