Upon completion of its initial installation, the Licensee shall provide to the Licensor as-built drawings showing the Licensee's Equipment including, without limitation, the location of all cabling and wiring. The Licensee shall revise and update such as-built drawings as required from time to time upon making any changes or alterations.
- 7.5 Cables** If required by the Licensor, on a go forward basis the Licensee shall label each cable placed by the Licensee in the Building Risers and any telecommunications closets through which the Licensee's cable passes. If Licensee is currently in possession of and has installed Licensee's Equipment in the Building, Licensee shall label each cable in the Building Risers, the Equipment Room and any other telecommunications space in the Building within thirty (30) days of the execution of this Agreement.

- 7.7 Liens** The Licensee shall be responsible for the satisfaction or payment of any liens registered against the Building or the Lands by any supplier of labour, material, or services to the Licensee. The Licensee shall not permit any other security interest to be registered against the Building or the Lands. Any such liens or security interest shall be discharged from title to the Lands by the Licensee, within fifteen (15) Business Days at the request of the Licensor, by payment of sufficient money into Court to obtain removal of such lien or security interest and the Licensee shall otherwise indemnify the Licensor against any claims, liabilities or costs resulting from such lien or security interest.
- 7.8 Completion of Installation** Notwithstanding anything in this Agreement to the contrary, If the installation of the Licensee's Equipment, or any other work proposed by the Licensee, may affect the structure or any of the mechanical, electrical, HVAC or other basic systems of the Building or the capacities thereof, and if such installation or other work is approved by the Licensor, the Licensor may require that such work be designed by consultants designated by it and paid by the Licensee and that it be performed by the Licensor or its contractors. If the Licensor or its contractors perform such work, it shall be at the Licensee's expense in an amount equal to the Licensor's total cost of such work or the contract price therefor plus, in either case, 15% payable following completion upon demand.
- 7.9 Relocation** On reasonable notice, which shall be no less than ninety (90) days, or such longer period of time if the Licensor believes it is warranted for major projects, the Licensor may, in its sole and reasonable discretion, require the Licensee to relocate within the Building any or all of the

Licensee's Equipment. The Licensor shall use reasonable efforts to minimize any adverse effect on the Licensee's operations in the course of effecting such relocation. Such costs of relocation shall be allocated as follows: (i) at the Licensor's cost during the first five (5) years of the Term; (ii) equally between both parties during the period between the fifth and tenth year of the Term; and (iii) at the Licensee's cost after the tenth year of the Term.

9.1 Termination by the Licensors The Licensors shall have the right to terminate this Agreement upon written notice to the Licensee in the event of the occurrence of any of the following:

- (a) the Licensee defaults in the payment of the License and Power Fee, the Recoverable Costs or any other sum due under this Agreement, and such default continues for more than ten (10) days after receipt of written notice of such default by the Licensors to the Licensee;
- (b) the Licensee defaults in the observance or performance of any of the Licensee's obligations under this Agreement and such default continues for more than thirty (30) days after receipt of written notice of such default by the Licensors to the Licensee, unless such default cannot reasonably be cured within such thirty (30) day period, in which event the period for curing such default shall be extended for the minimum period of time reasonably required to effect such cure, provided that the Licensee promptly commences such cure with reasonable diligence and thereafter the Licensee diligently pursues a full and complete cure of said default, and provided further that the foregoing cure period shall not apply to the Licensee's disruption, adverse effect or interference with the use and/or quiet enjoyment of the Building by the Licensors or by other licensees of the Licensors or tenants or occupants of the Building; or
- (c) the Licensee makes an assignment for the benefit of creditors or becomes bankrupt, or takes the benefit of, and becomes subject to, the legislation in force relating to bankruptcy or insolvency, it being understood that the appointment of a receiver, receiver/manager, or trustee of the property and the assets of the Licensee is conclusive evidence of insolvency.

9.2 Removal of Licensee's Equipment The Licensee shall, within sixty (60) days of expiry of the Term or the Renewal Term, as the case may be, or any early termination of this Agreement, remove the Removable Equipment (as hereinafter defined) from the Building and restore the Building by repairing any damage resulting from the installation, operation or removal of the Licensee's Equipment and the Licensee shall leave the portions of the Building where the Licensee's Equipment is located in a neat, clean and safe condition, reasonable wear and tear excepted. Any Removable Equipment not removed as required herein may, at the Licensors's sole option: (a) be removed and stored by the Licensors at the Licensee's expense; or (b) become the property of the Licensors without compensation to the Licensee. Any Building damage not repaired by the Licensee within thirty (30) days of the Licensee's removal of the Removable Equipment may be repaired by the Licensors, and the Licensee shall remain responsible to the Licensors for the reasonable costs of such repair. **"Removable Equipment"** means any and all equipment installed by the Licensee, except feeder cable from the street (which, for greater certainty, may be fibre, copper or coaxial) to the main terminal room and associated terminating hardware in the main terminal room for so long as in the Licensors's sole but reasonable opinion formed at the time of termination, there is sufficient spare capacity in the feeder cable conduit(s) and in the main terminal room to accommodate the needs of the Licensors and/or other service providers, unless the Licensors consents to any part of such equipment being left in the Building. Notwithstanding anything else contained herein to the contrary, the Licensee shall not be required to remove any of the Removable Equipment after the expiry of the Term or the Renewal Term so long as it has at least one customer in the Building receiving at least one communications service from the Licensee or an affiliate, in which case the parties will negotiate, in good faith and acting reasonably, an extension agreement or a new access agreement for the Building in favour of the Licensee and the Licence Fee payable under Section 3.2 shall apply during such time. If after one (1) year following the expiry of the Term or the Renewal

Term, the parties have not entered into a new agreement, Licensee shall remove all of the Equipment from the Building and restore the Building by repairing any damage resulting from the installation, operation or removal of the Licensee's Equipment and the Licensee shall leave the portions of the Building where the Licensee's Equipment is located in a neat, clean and safe condition, reasonable wear and tear excepted.

ARTICLE 10 - DAMAGE OR DESTRUCTION OF BUILDING

- 10.1 Right to Terminate** In the event the Building is damaged to such an extent that in the Licensor's reasonable estimation it can be restored within one hundred and eighty (180) days following the event of casualty, the Licensor, at its sole option and expense, may attempt to repair such damage within such one hundred eighty (180) day period. In the event the Licensor is unable to repair the damage within one hundred eighty (180) days, the Licensor shall have the right to terminate this Agreement upon providing thirty (30) days prior written notice to the Licensee, in which event the Licensee shall remove the Licensee's Equipment in accordance with the provisions of Section 9.2 of this Agreement. The Licensee's obligation to pay the License Fee shall cease on the date that the Licensee removes all of the Licensee's Equipment in accordance with the requirements of Section 9.2.

ARTICLE 11 - FORCE MAJEURE

- 11.1 Force Majeure** Without limiting or restricting the applicability of the law governing frustration of contracts, in the event either party fails to meet any of its obligations under this Agreement within the time prescribed, and such failure shall be caused by, or materially contributed to, force majeure, such failure shall be deemed not to be a breach of the obligations of such party under this Agreement, and the time for the performance of such obligation shall be extended accordingly as may be appropriate under the circumstances. For the purpose of this Agreement, force majeure shall mean any acts of god, war, natural calamities, strikes, lockouts or other labour stoppages or disturbances, civil commotions or disruptions, riots, epidemics, acts of government or any competent authority having jurisdiction, or any other legitimate cause beyond the reasonable control of such party, and which, by the exercise of due diligence, such party could not have prevented, but lack of funds on the part of such party shall not be deemed to be force majeure.

- 12.2 Change of Address** Either party may change its address or particulars for the purposes of the receipt of any Notices in connection with this Agreement by giving notice in the same manner as provided in this Article 12.

ARTICLE 13 - MISCELLANEOUS

- 13.1 Entire Agreement** This Agreement cancels, replaces and supersedes as of its effective date all existing agreements and understandings, written or oral, between the parties relating to the subject matter of this Agreement. The whole contract between the parties is contained in this Agreement and no preliminary proposals, written or oral, form any part of this Agreement. This Agreement may not be amended or modified except by mutual agreement of the parties in writing.
- 13.2 Counterpart Execution** This Agreement may be executed in several counterparts, each of which, once executed, shall be deemed to be an original and such counterpart together with the other counterparts shall constitute one and the same instrument. The parties hereto consent to the use of biometric electronic signatures and agree that this Agreement and all agreements and documents required or desirable to give effect to this Agreement may be executed either in original or by electronic means, and may be transmitted by PDF and the parties adopt any such electronic execution or signatures received by PDF as original signatures of the parties.
- 13.3 Subordination** This Agreement is and will be subject and subordinate in all respects to any and all mortgages, now or hereafter placed on the Building or the Lands, and to all renewals, modifications, consolidations, replacements and extensions thereof. Subject to the terms of this section, if the interest of the Licensor is transferred to any person including a mortgagee (herein called "**Purchaser**") by reason of foreclosure or other proceedings for enforcement of any mortgage including obtaining possession by a mortgagee or by delivery of a transfer or deed in lieu of such foreclosure, or other proceedings, the Licensee will immediately and automatically attorn to the Purchaser. Subject to the preceding sentence, the Licensee agrees upon demand to execute such further instruments as the Licensor may request to evidence the Licensee's subordination of this Agreement or the Licensee's attornment to the Purchaser. Upon attornment under this section, this Agreement will continue in full force and effect as a direct license between the Purchaser and the Licensee, upon all of the same terms, conditions and covenants as are set forth in this License except that, after such attornment, the Purchaser will not be (i) liable for any act or omission of the Licensor prior to such attornment, or (ii) subject to any offsets or defenses which the Licensee might have against the Licensor prior to such attornment, or (iii) bound by any prepayment by the Licensee of more than one month's installment of the License Fee, or by any previous modification of this Agreement, unless such prepayment or modification will have been approved in writing by the Purchaser. Notwithstanding anything that may be implied by this section, the parties acknowledge and confirm that the right granted to the Licensee under this Agreement is a license only, and shall not constitute a lease between the two parties.
- 13.4 Waiver** No failure by either to exercise any right under this Agreement or to insist upon full compliance by the other party with its obligations under this Agreement will constitute a waiver of any provision of this Agreement. No waiver shall be effective unless made in writing by an authorized officer of the party.

- 13.5 Successors and Assigns** This Agreement shall not be assigned by the Licensee, in whole or in part, without the express written consent of the Licensor, not to be unreasonably withheld or delayed. The Licensee shall, however, be entitled to assign this Agreement to an affiliate of the Licensee, as defined in the *Canada Business Corporations Act*, on prior notice to, but without the prior consent of, the Licensor so long as the affiliate remains so related to the Licensee, failing which an assignment shall be deemed to have occurred for which Licensor consent shall immediately be required. A change in control is deemed to be an assignment requiring consent, unless the Licensee is a public corporation whose shares are traded and listed on any recognized stock exchange in Canada or the United States. The consent shall not be effective until the permitted assignee has executed an assignment agreement acceptable to Licensor. Licensee shall reimburse the Licensor for all reasonable costs incurred by the Licensor in preparing, approving any such assignment and consent payable upon delivery of the consent to the assignment. This Agreement shall be binding upon, and shall enure to, the benefit of the parties and their respective successors and permitted assigns. Upon any transfer of the Building by the Licensor, the Licensor shall be released of all of its obligations to the Licensee under this Agreement.
- 13.5** Any liability of the Licensor under this Agreement shall be limited to its interest in the Building from time to time. If the Licensor consists of more than one Person, the liability of each such Person shall be several and be limited to its percentage interest in the Building. If the Licensor is a partnership, joint venture or co-tenancy, the Licensee shall look solely to the assets of such partnership or joint venture or the co-licensees' interest in the Building, whichever shall be the case, for the collection or satisfaction of any money or judgment which the Licensee may recover against the Licensor, and the Licensee shall not look for the collection or satisfaction of any such money or judgment to the personal assets or any Person who shall at any time be a partner joint venturer or co-tenant in or under such partnership, joint venture or co-licensee. Notwithstanding any other provision herein, it is hereby acknowledged and agreed that no obligations or liabilities, whether actual or contingent, of any real estate investment trust ("**REIT**") which may have any interest in the Building, or which may be the Licensor or a Building Owner, are personally binding upon, and neither resort nor recourse shall be had to, nor shall satisfaction be sought from, the property of any kind whatsoever (including, without limitation, any private property consisting of or arising from a distribution by the REIT of any nature) of any of the trustees of the REIT, any registered or beneficial holder of securities (including units) of the REIT or any annuitant under a plan of which a holder of securities (including units) of the REIT acts as trustee or carrier, or any officers, employees or agents of the REIT, and it is hereby further acknowledged and agreed that all obligations and liabilities of the REIT shall be satisfied only out of and recourse shall be limited exclusively to the property and assets of the REIT which constitute its interest in the Building, if any.

If the Licensee installs any electrical equipment which overloads the electrical facilities, it shall at its own expense make whatever changes are necessary to comply with the requirements of the Licensor and its insurers and of the governmental authorities having jurisdiction, but not until it first submits to the Licensor plans and specifications for the required work and obtains the Licensor's written approval to perform the same.

The Licensee shall not obstruct or encumber the sidewalks, plaza, entrances, lobbies, corridors, courts, elevators, escalators, vestibules or stairways in and about the Building or use them for any purpose other than ingress or egress from the Equipment Room.

No Licensee, employee or invitee of any Licensee shall go up on the roof of the Building except such roof or part thereof as may be designated in writing by the Licensor as a roof-deck or roof-garden area.

No cooking shall be done or permitted in the Equipment Room.

The Licensee shall not use the Equipment Room for lodging or sleeping or for manufacturing purposes.
