

BUILDING ACCESS LICENCE AGREEMENT

Terms and Conditions:

In consideration of the mutual rights and obligations herein expressed and other good and valuable consideration (the receipt and sufficiency of which are hereby acknowledged) Bell and Owner agree as follows:

1. Owner grants to Bell and any affiliates ("**Affiliates**") (as defined in the *Canada Business Corporations Act*, as amended) of BCE Inc. including, those for whom Bell is responsible at law including agents, mandataries and third-parties (collectively referred to as "**Bell**") at no cost or charge to Bell, a non-exclusive right and licence to: (i) access the building(s) listed on Page 1 (the "**Building(s)**") and each separately, a "**Building**") and the common areas of the Building(s) to install, construct, operate, maintain, repair, modify, improve, upgrade, replace, relocate within the Equipment Space(s), and remove, at Bell's sole expense and risk, the Equipment in the Buildings. "**Equipment**" includes but is not limited to any hardware, wire, cabling, infrastructure or any other thing (excluding Conduit, as defined below), which is necessary and incidental to enable Bell to deliver its current and future telecommunication, broadcast, internet, entertainment or other services (the "**Services**") to occupants of the Building(s); (ii) use the Conduit, entrance link and communications spaces to connect the Equipment; and (iii) connect the Equipment to the inside wire and in-building wire in the Building(s).
2. Bell shall also have access to and Owner shall make available a path and/or conduit (the "**Conduit**"), along, over, under or on the lands on which the Building(s) are situated, from the property line to the Building(s), and in or through the Equipment Space(s). If Bell determines Equipment must be installed to the Conduit, the Building(s) and/or the Building(s)' telecommunications/cable room(s) (collectively, the "**Equipment Space(s)**") Bell may install, operate, relocate, maintain, upgrade and remove any Equipment within the Conduit. Bell shall provide to Owner a plan of installation, upgrade or maintenance of the Equipment within the Conduit and Equipment Spaces which Owner will be deemed to accept unless Owner provides reasonable written comments on such plan within 14 days of receipt of such plan, in which case Bell and Owner shall take reasonable commercial steps to address Owner's comments. Owner agrees that the Equipment Space(s) must: (i) provide secure access (under lock and key, at minimum); (ii) be water tight at all times; (iii) have Bell's reasonable requirements for power supply available for Bell's use; (iv) have sufficient space to install Equipment reasonably required by Bell to offer Services within the Building(s), including, without limitation, Equipment with minimum dimensions set out on Page 1; and (v) meet any other technical requirements as mutually agreed in writing by Owner and Bell. For greater certainty, Owner agrees to meet any initial technical requirements attached to this Licence.
3. Except in the case of emergencies, all rights of access granted and uses permitted herein shall be available to Bell during normal service hours for the Buildings, 365 days per year subject to Bell providing reasonable notice to Owner or its agent or mandataries of its intention to enter the Building(s).
4. Bell shall, at its own cost, be responsible for the provision, installation, maintenance and repair of its Equipment during the Term, although each individual occupant of a Building may incur charges (at Bell's then applicable rates) specific to such occupant's in-suite requirements. Bell agrees to repair, at its sole expense, any direct damage to the Building(s) where such damage is caused by or arises out of any negligent act, wilful misconduct or omission relating to Bell's use and occupation of the Building(s). Owner shall not tamper, interfere or connect to the Equipment in any manner whatsoever. Owner agrees to reimburse Bell for any loss of or damage to the Equipment caused by Owner, its employees, agents, mandataries, contractors or those for whom it is responsible at law. The Equipment will remain the property of Bell at all times, and will not

become a fixture or immovable despite any legal principle to the contrary. Owner agrees that it has no legal or equitable ownership interest in the Equipment. Owner renounces, waives or assigns to Bell its right of accession.

5. Owner will permit Bell to complete an initial inspection of the Building(s) and the Equipment Space(s) to ensure that the requirements of Section 2 are met and if such requirements are not met, Owner authorizes Bell to modify the Equipment Space(s) on Owner's behalf at Bell's sole cost and discretion to comply with the requirements of Section 2. If available, upon request from Bell, Owner shall provide a current set of electrical and site plans. Owner shall facilitate Bell's access to individual units within the Building(s) to install any Equipment in the unit.
6. Nothing in this Licence limits Owner's right to repair any common areas of a Building provided that where any such repair may affect the Equipment, Owner shall provide Bell with reasonable advance written notice and permit Bell to protect its Equipment before the repairs are made.
7. Each party represents and warrants that: (i) it has full right, power and authority to enter into and perform its obligations in this Licence; (ii) it is under no obligation, statutory, contractual or otherwise, which could prevent or interfere with the complete performance of its covenants and obligations herein; and (iii) it is validly organized and existing under the name indicated on this Licence. Owner represents and warrants that (i) no building rule is in force that would prevent or limit either party from: (a) entering into this Licence; and/or (b) performing its obligations hereunder; (ii) the owner(s) of the building(s) listed on Page 1 have sufficient right, title and interest in the Building(s) to grant this Licence; and (iii) if any of the Building(s) is a condominium building, Owner has satisfied the requirements under the *Condominium Act, 1998*, as amended or the applicable provisions of both the subject declaration of co-ownership agreement and the *Civil Code* of Québec (collectively, the "**Act**") with respect to entering into a telecommunications agreement.
8. Notwithstanding anything in this Licence to the contrary, in no event will Bell be liable for nor will Bell be required to indemnify and save harmless Owner from and against any indirect, special, incidental or consequential damages, including loss of revenue, loss of profits, loss of business opportunity or loss of use of any facilities or property, even if advised of the possibility of such damages.
9. The Term will be automatically extended for additional one year terms on the terms and conditions herein for so long as the Equipment remains in the Equipment Space(s). "**Term**" means the term specified on Page 1 and any renewal term.
10. Either party may terminate this Licence: (a) in the event of a material breach of this Licence, when such breach is not cured within 90 days of receipt of written notice by the non-breaching party or (b) upon 120 days notice by Owner when Bell is no longer serving customers in the Building(s).
11. If the action of a governmental authority requires modification of: (i) the Services or (ii) the terms on which they are provided which are inconsistent with the terms of this Licence or which impairs Bell's ability to provide the Services in an economical or technically practical fashion; then (a) this Licence will be deemed amended in a manner to allow Bell to fulfill its legally mandated obligations, or (b) Bell may, at its option, terminate this Licence upon 30 days' written notice to Owner or such other period reasonably agreed upon by the parties. Upon termination of this Licence and provided there are no subscribers to Services in the Building(s), Bell will be allowed 60 days to remove the Equipment, after which any remaining Equipment will be deemed abandoned and ownership and title will automatically transfer to Owner. If subscribers to the Services remain in the Buildings, Bell will retain title to the Equipment. Bell will not be responsible for any fees for the removal or disposal of Equipment of which ownership has transferred to Owner.

12. This Licence constitutes the entire agreement of the parties and supersedes all prior agreements and understandings on the subject matter hereof. Except as provided in Section 7, neither party makes any representation or warranty express or implied, statutory or otherwise to the other.
13. This Licence pertains to each separate Building listed on Page 1. Where applicable, the terms and conditions of this Licence shall be interpreted by the parties and by any third party adjudicator as if such terms and conditions apply to each Building separately from the other Buildings. For greater certainty, in the event that this Licence is terminated with respect to any one Building (whether pursuant to the terms of this Licence or otherwise), the terms and conditions of this Licence shall remain in full force and effect, unamended in respect of the remaining Building(s) for the Term.
14. In the event of any sale, conveyance, assignment or transfer (other than a conveyance without consideration of a portion of a Building to a governmental authority required as part of or in the course of the development thereof) (collectively, a "**Transfer**") of all or part of a Building (the "**Subject Building**"), Owner shall cause the transferee to execute and deliver to Bell an agreement whereby the transferee agrees to assume and be bound by all the rights and obligations of Owner as set out herein as they apply to the Subject Building as if the transferee was an original signatory hereof (the "**Assumption**"). Upon the date any such Assumption becomes effective, Owner shall be immediately released from its obligations under this Licence in respect of the Subject Building (save and except for any outstanding obligations arising hereunder prior to such Assumption). This Licence is binding upon and shall enure to the benefit of Owner and Bell and their respective heirs, executors, administrators, successors and assigns.
15. Upon registration of a condominium plan for the Building(s) in Ontario or a declaration of co-ownership for the Building(s) in Quebec (the "**Declaration**") prior to the expiry of the Term, Owner shall, upon such registration, be immediately released from its obligations under this Licence (save and except for any outstanding obligations arising hereunder prior to such registration) provided that the corporation (which is otherwise known as the syndicate of the co-owners in Québec) established in the Declaration has assumed and agreed to be bound by all the rights and obligations of Owner set out herein, subject to the provisions of the Act. For greater certainty, this Section 15 only applies in the event of the registration of a Declaration.
16. Any confidential information provided by one party to the other party herein shall remain the confidential information of the disclosing party and no receiving party shall disclose such confidential information without the prior written consent of the disclosing party, or unless disclosure of such confidential information is compelled by judicial or regulatory process or otherwise by law or if the confidential information has been made public without any action by the receiving party. "**Confidential Information**" means any information which is confidential in nature, whether such information is or has been conveyed to receiving party orally or in written or other tangible form, and whether such information is received directly or indirectly such as in the course of discussions or other investigations by receiving party. Notwithstanding the foregoing, the absence of any identification shall not relieve receiving party of the obligation to treat as confidential, information which would be considered confidential by a person exercising reasonable business judgment. For greater certainty, this provision shall not be construed to prevent either party from disclosing any of the terms of this Licence to its auditors, and financial and/or legal advisors.
17. Each party shall ensure that it complies with all applicable laws and regulations. This Licence will be governed by the laws of the province in which the Building(s) are located and the applicable laws of Canada and all applicable rulings and orders of federal, provincial and local governmental agencies, including, but not limited to, the Canadian Radio-Television and Telecommunications Commission or any successor body.

18. If any provision of this Licence is found to be invalid, illegal or unenforceable, the other provisions of this Licence shall not be affected or impaired, and the offending provision shall automatically be modified to the least extent necessary in order to be valid, legal and enforceable.

19. Any demand, notice or other communication to be given in connection with this Licence must be given in writing and will be given by personal delivery or by electronic means of communication addressed to the recipient at the address listed on Page 1, with a copy of all notices to Bell to:
