

Telecommunications Access Agreement

Effective Date: November 15, 2004

Agreement between Bell Canada ("Bell") and Peel Condominium Corporation No. 338 (the "Corporation")
Authorizing Bell to Install and Operate Telecommunications Equipment and use In-Building Wire At
Building Locations Specified in Schedule "A"

Bell and the Corporation jointly recognize that, in order to provide the unit owners and other building occupants with the high quality telecommunications services which such unit owners and occupants expect in buildings owned or controlled by the Corporation, Equipment ("the Equipment") may be required to be installed in the Main Terminal Room ("MTR"), point-of-presence ("POP") or elsewhere in the Buildings, as the case may be, by Bell. Therefore, the Corporation hereby authorizes Bell to install and maintain the Equipment and to use In-Building Wire under the control and responsibility of the Corporation in the Buildings to provide telecommunications services (the "Services") to the unit owners and other occupants of the Buildings. The addresses of the buildings ("the Buildings") and a list of the Equipment and the In-Building wire and its location in each of the Buildings is provided in Schedule "A" attached hereto.

The parties agree that nothing in this agreement will be construed or interpreted to restrict the provision by Bell of telecommunications services to unit owners and other occupants in the Buildings utilizing the Equipment. Notwithstanding the foregoing, the parties hereto acknowledge and agree that this Agreement does not permit any additional Equipment to be installed, operated or maintained, beyond the Equipment specified in Schedule "A", as revised from time to time by mutual agreement.

In the event Bell intends to install additional Equipment in any of the Buildings, Bell shall provide the Corporation advance notification of any such additional Equipment Bell may require to install in the Building. Each time Bell contemplates the installation of additional Equipment, it will submit a request to add such new Equipment which will include the location of the Building, a description of the additional Equipment and will specifically identify its location within the Building, for approval by the Corporation in the form of an amended Schedule "A". Upon approval, the Corporation will return an executed copy for Bell's records, at which time the process described in item 2 below can proceed.

The parties hereto acknowledge and agree that this agreement is effective as of the Effective Date shown above and expires on May 31, 2014. This agreement may be extended upon mutual agreement of both parties.

1. (a) The Corporation authorizes Bell
 - (i) To operate, maintain, replace, remove, and subject to section 2, below, install at Bell's sole expense and risk, the Equipment, located in the MTR of the Buildings and, if applicable, the POP Area (as specified by the Corporation) for the purpose of providing the Services to unit owners or other occupants. Bell Equipment shall be specified in Schedule "A" which may be modified from time to time in accordance with section 2 hereof;
 - (ii) For the term of this agreement and any extension thereof, to have access to and use at no charge, subject to CRTC orders, decisions, rules, regulations, licenses and directories, In-Building wiring provided by the Corporation that runs from the Main Terminal Room to each unit in the Building for the purpose of providing Services to the unit owners and other occupants; and

No door-to-door solicitation. Nothing in this agreement limits Bell's right to market or advertise Bell's Services in a manner that is not specific to the Building (including, without limitation, telemarketing, mail campaigns, and email/online marketing).
 - (b) The Corporation hereby reserves the sole right to grant, renew or extend similar rights to other parties;
 - (c) Despite the rights granted to Bell and uses permitted in Section 1(a) above, nothing in this agreement limits the Corporation's right to repair any common elements of the Building; provided that where any such repair may affect Bell's Equipment, the Corporation shall provide Bell with reasonable advance written notice to request Bell to adjust and/or move its Equipment before the repairs are made;
- 2.
 - (a) Bell shall, at its sole cost and expense, repair any damage to the Buildings where such damage is caused by Bell, its subcontractors and those for whom it is in law responsible in relation to the installation, operation, maintenance or removal of equipment or facilities governed by this Agreement;
 - (b) Bell agrees to comply with all reasonable rules and regulations as adopted and amended by the Corporation from time to time, and generally applicable to licensees and other contractors in the Buildings.
 - (c) Bell agrees, at the cost of the Corporation (to the extent permitted by the CRTC), to temporarily remove or relocate its Equipment during any period when repairs or replacement to the common elements are required to be carried out by the Corporation. The Corporation agrees to carry out any such repairs in a diligent and timely manner so as to enable Bell to replace its Equipment in the same location following the repairs or replacement of the common elements by the Corporation, and with regard to have no material impact on Bell's provision of the Services.
- 3. Notwithstanding the foregoing, Bell employees must check-in with building security, show a photo-ID and obtain the necessary authorizations every time they enter the Buildings prior to accessing their work area. The Corporation, acting reasonably, will allow Bell's employees access to the Buildings seven (7) days a week, twenty four (24) hours a day, subject to the Corporation's security requirements.
- 4. Bell shall indemnify the Corporation from and against all actions, suits, claims, damages, expenses, costs and liabilities (a "Claim") as a result of any damage to the Buildings or injury to or death of any person at the Buildings or damage to or destruction or loss of property at the Buildings resulting from Bell's negligence or willful misconduct in the installation, operation, maintenance or removal of the Equipment, in the MTR, POP Area or building communications spaces by Bell, its subcontractors, and those for whom it is responsible in law except to the extent a Claim results from the negligence or willful misconduct of the Corporation, its employees, agents, contractors or those other persons for whom the Corporation is in law responsible.
- 5. The parties hereto acknowledge and agree that Bell and its operations are subject to compliance with the orders, decisions, rules, regulations, license and directions (collectively "the Order") of the Canadian Radio-Television and Telecommunications Commission ("CRTC") and its successors as they exist or are created from time to time during the term of this Agreement, and any other regulatory bodies having

In the event an Order is issued which appears, in Bell's reasonable opinion, to impinge upon Bell's ability to comply with the terms of this Agreement, Bell may at its option, propose revisions to give effect to such Order, or terminate this Agreement upon thirty (30) days written notice.

In the event of termination of this Agreement upon notice by Bell resulting from an Order, the parties agree that prior to the expiration of the thirty (30) day period they will use their reasonable best efforts to reach an agreement with respect to the location and operation of Equipment by Bell in the Buildings for the purposes of providing the Services to Bell's customers contemplated by this Agreement, on such terms and conditions as the parties may mutually agree upon.

6. This Agreement shall not be assigned by Bell without the prior consent of the Corporation which consent shall not be unreasonably withheld in the case of assignment by Bell to an affiliate of Bell.
7. If Bell defaults in any of its material obligations contained herein including its obligations to ensure that the Bell Equipment does not interfere with any existing telecommunication systems in the Building, and such default is not corrected within ten (10) days after written notice to Bell, the Corporation shall have the right to terminate this Agreement without further notice or compensation to Bell. Upon termination, at the Corporation's option, Bell shall be required to remove its Equipment from the MTR., POP Area and building communications spaces and restore the affected parts of the Building(s) to its original condition to the reasonable satisfaction of the Corporation.
