In consideration of the mutual rights and obligations herein expressed and for other good and valuable consideration (the receipt and sufficiency of which are hereby acknowledged) Bell Canada and Toronto Standard Condominium Corporation 1495 (the "Corporation") agree as follows:

1. Corporation hereby grants to Bell Canada and the affiliates of BCE Inc. (as defined in the *Canada Business Corporations Act*, as amended) (hereinafter, collectively referred to as "Bell") a non-exclusive right and license to (i) enter on and gain access in, over or under the existing multi-unit dwelling building described in Schedule "A" (the "Building") and the common elements and other common areas of the Building, (ii) use in-building wire or cabling owned or controlled by Bell, the Corporation or any third party, and (iii) make available and provide telecommunications and other communication services (collectively the "Bell Services") to local exchange carriers, prospective purchasers and the Corporation's, tenants, invitees or residents of the Building (the "Occupant(s)"). Nothing in this License shall be construed or interpreted as granting Bell any exclusive rights or privileges in or to the Building relating to access or installation rights, to the exclusion of any other third parties.
2. The right and license in Section 1 includes Bell's right to construct, install, test, operate, maintain, repair, service, upgrade, modify, remove and replace its Equipment (as defined below) at Bell's expense in the Building. "Equipment" includes but is not limited to any Bell equipment, in-building wire (as defined by the CRTC (as defined below) in Decision 99-10), infrastructure or otherwise, which is necessary and incidental to enable and deliver Bell Services to Occupants. Nothing herein limits Bell's ability to change, alter or replace the Equipment with new or different equipment to provision the Bell Services. Equipment excludes: conduit, individual receiver - decoders, whether VDSL or otherwise, or any other equipment that can be individually addressed either electronically or manually by Bell (each an "IRD"), which will be sold or rented to Occupants by Bell or any other authorized sales agent. Corporation shall allow Bell to gain access to the Building for the purpose of picking up any IRD no longer required by an Occupant.
3. Bell and those for whom it is responsible in law shall be permitted to use and access all portions of the Building necessary for the provision of Bell Services and for the matters as provided in Section 1 in accordance with the Declaration, By-Laws and Rules of the Corporation. Except in the case of emergencies, all rights of access granted and uses permitted herein shall be available to Bell during normal business hours, three-hundred and sixty-five (365) days per year subject to Bell providing reasonable notice to the Corporation or its agent of its intention to enter the Building for the purposes of this License.

5. Bell shall, at its own cost (i) ensure that all Equipment is installed in accordance with all relevant fire and building code requirements in force at the time of installation, and (ii) be responsible for the provision, installation, maintenance and repair of the Equipment installed by Bell during the Term, although each individual Occupant may incur charges (at Bell's then applicable rates) relating to post-installation activities specific to such Occupant's in-suite requirements. Save and except for (i) in-building wire owned by another third party; (ii) as otherwise provided in this Agreement; and/or (iii) as provided in Section 22 of the *Condominium Act, 1998*, the Equipment will remain the property of Bell at all times, and will not become a fixture despite any legal principle to the contrary. Corporation agrees that it has no legal or equitable ownership interest in the Equipment nor any of the items reasonably contemplated by Section 2 above and shall not make any claim to the contrary.
6. Corporation agrees to provide to Bell, at no charge to Bell, access to and use of one or more rooms or other segregated, enclosed spaces in the Building (the "Equipment Space(s)"), as needed and mutually agreed upon by the parties, acting in good faith, which is suitable to house or store the Equipment. Corporation agrees that the access rights herein include a right to access the Equipment Space in the Building. The Equipment Space shall have adequate power supply and adequate natural or artificial ventilation for the proper operation of the Equipment, provided that any enhancements to existing power supply or ventilation shall be at the sole cost of Bell. Nothing in this License limits the Corporation's right to repair any common elements of the Building; provided that where any such repair may affect Bell's Equipment, the Corporation shall: (i) provide Bell with reasonable advance written notice to request Bell to adjust and/or move its Equipment before the repairs are made; and (ii) reimburse Bell for all reasonable costs Bell incurs as a result of any material relocation or adjustment.
7. Subject to the Corporation's obligations under the *Personal Information Protection and Electronic Documents Act*, the Corporation shall provide to Bell suite runs and riser information. Bell may only display, distribute or post promotional information or information packages about Bell Services in and around the Building with the prior written consent of the Corporation, which consent shall not be unreasonably withheld or delayed. Bell further covenants to repair, at its sole expense, any damage to the Building or the Equipment Space where the damage is caused by Bell, and those for whom it is responsible in law, (normal wear and tear excepted), subject to compliance with the *Condominium Act, 1998*.
