- (c) If due to CRTC mandated obligations upon the Licensee to provide services to other TSPs, existing subscribers, or to the occupants of the Building or where the use of the Licensee's Equipment by third-party users of the Licensee's Equipment has been approved by the Licensor, the Licensee is not required by Section 19(a) to remove the Entrance Cable or other items of the Licensee's Equipment ("Exempted Items") then despite the expiration or termination of the Term of this License, all of the obligations of the Licensee under this Agreement will continue in full force and effect except that the obligation to pay the

License Fee will be suspended so long as the Licensee does not provide Services. That situation will continue (subject to the sentence following this one) until the Licensee's CRTC mandated obligations end and the Licensee removes the Exempted Items and restores damage as provided in Section 19(a). So long as, and to the extent a third party assumes responsibility and control of the Exempted Items, and the third party is bound by a telecommunications access agreement with the Licensor, or a successor of the Licensor, the Licensee will be exempted from the obligation to remove the Exempted Items.

Excess or umbrella insurance may be used to achieve the required insured limits.
- 10.2 Indemnification by Licensee** The Licensee shall indemnify and save harmless the Licensor from and against any loss, suit, claim, action, damage or expense arising out of, from or by reason of, the Licensee's Equipment in the Equipment Room and the Building's communications space pursuant to this Agreement, except to the extent that any such loss, suit, claim, action, damage or expense is due to the negligence or wilful misconduct of the Licensor or those for whom the Licensor is in law responsible.
- 10.3 Indirect Damages** Neither the Licensor nor the Licensee will be liable to the other (regardless of any other provision of this Agreement), in respect of any indirect, special, incidental or consequential damages including loss of revenue, loss of profits, loss of business opportunity or loss of use of any facilities or property, even if advised of the possibility of such damages.

If the Building Risers are still required the Licensee and the Licensor, acting reasonably, may enter into a new agreement based on prevailing market conditions.
- (e) the Licensor defaults in the observance or performance of any of the Licensor's obligations under this Agreement, and such default continues for more than thirty (30) days after receipt of written notice of such default by the Licensee to the Licensor, unless such default cannot reasonably be cured within such thirty (30) day period, in which event the period for curing such default shall be extended for the minimum period of time reasonably required to effect such cure, provided that the Licensor promptly commences such cure with reasonable diligence; or
- (f) the Licensor makes an assignment for the benefit of creditors or becomes bankrupt, or takes the benefit of, and becomes subject to, the legislation in force relating to, bankruptcy or insolvency, it being understood that the appointment of a receiver, receiver/manager, or trustee of the property and the assets of the Licensor is conclusive evidence of insolvency.

- (d) Notwithstanding that the Licensee has complied with all the terms, covenants and conditions of this Agreement and notwithstanding any other provision herein contained, the Licensor shall have the right to terminate this Agreement, in whole or in part, in the event that the building will through a bona fide intent of the Licensor be substantially renovated, demolished, reconstructed, altered and/or redeveloped in a way that would make the Licensee's occupancy at the building not possible at any time without incurring any liability therefore upon giving to the Licensee one hundred and eighty (180) days prior written notice of such termination. Upon expiration of the 180-day notice period the Licensee shall have entirely removed all Connecting Equipment from the building and have made good the premises and building risers where applicable. In the event that a building tenant that requires telecom services will remain in the building beyond the notice period as approved by the Licensor, this agreement will remain in force on a month-to-month basis and will become coterminous with the tenant's termination date.

In the event the Licensor elects not to repair the damage within one hundred eighty (180) days, the Licensee shall have the right to terminate this Agreement upon providing thirty (30) days prior written notice to the Licensor, in which event the Licensee shall remove the Licensee's Equipment in accordance with the provisions of Section 9.3 of this Agreement. The Licensee shall have no obligation to pay the License Fee or any other amounts under this Agreement during the one hundred and eighty (180) days during which Licensor is deciding whether or not to attempt to repair such damage, nor during the thirty (30) day notice period, and the portion of the License Fee paid by the Licensee in advance (if any) shall be refunded by the Licensor to the Licensee on a pro-rated basis to the date of damage to the Building.

ARTICLE 13 – FORCE MAJEURE
