

TELECOMMUNICATION AND BUILDING ACCESS LICENSE – BUILDINGS

This License is made as of the 2nd day of March, 2011 (the "Effective Date").

In consideration of the sum of \$2.00 paid by each party to the other and other good and valuable consideration (the receipt and sufficiency of which are hereby acknowledged), Bell Canada, (on its own behalf and on behalf of the affiliates of BCE Inc. (as defined in the Canada Business Corporations Act, as amended) (hereinafter, collectively referred to as "Bell") and Nexus residences Inc. (the "Developer") agree as follows:

1. Developer hereby grants to Bell at no charge to Bell an non-exclusive, non-preferential right (the "Right") to:
 - (a) enter on and gain non-exclusive, non-preferential access in, on, over or under the non-exclusive use common element areas (the "Access Points") of the multi-unit dwelling building(s) proposed to be constructed by the Developer as described in and shown on Schedule "A" (each, individually a "Building") , including, one room in, the Building subject to the specifications set forth in Schedule "B" hereto (the "Equipment Space(s)"), as approved by the Developer, acting in good faith. For clarity, Bell shall be permitted to use and access the Access Points in the Building and Equipment Space for the provision of Bell Services and for the matters as provided herein all in relation to the Building in accordance with the Declaration, By-Laws and Rules of the condominium of which the Building is to form a part of;
 - (b) subject to CRTC rulings and regulations, (i) use wire owned, controlled or installed by Bell ; and (ii) make available and provide the Bell Services to owners, tenants, invitees or residents of the Building (collectively, the "Occupant(s)").
 - (c) construct, install, test, operate, maintain, repair, service, upgrade, modify, remove and replace the Equipment owned by Bell in the Building in a good and workman like manner and provided Bell immediately repairs any damage to the Building and lands upon which the Building is located (the "Lands") (notwithstanding that Bell acknowledges that it has no claims or interest in the Lands). Nothing herein limits Bell's ability to change, alter or replace the Equipment (all in accordance with applicable CRTC requirements and Bell obtaining any necessary third party approval at Bell's sole cost and expense) with new or different equipment to provision the Bell Services.
- 1.2 The parties acknowledges and agree that the Right does not in any manner whatsoever provide or grant to Bell any right to market or promote its Bell Services to the Building or any part thereof, or to the Occupants of the Building and Bell acknowledges and agrees that this Agreement does not prevent the Developer from entering into marketing, access agreements or any other agreement with other telecommunications service providers or other service providers.
- 1.3 (a) In this Agreement, "Service" means the equipment, together with inside wire and infrastructure owned, controlled or installed by Bell which is necessary and incidental to enable and deliver Bell Services to Occupants;
- (b) In this Agreement, "Services" means telecommunications and other communication services subject to CRTC rulings from time to time and "Bell Services" shall mean the Services provided by Bell. Bell acknowledges and agrees that the Bell services will be provided to the Building and the Occupants solely on a direct subscriber pay basis.
2. Except in the case of emergencies, all rights of access granted and uses permitted herein shall be available to Bell during normal service hours, three-hundred and sixty-five (365) days per year subject to Bell providing not less than 3 hours' prior written notice during normal service hours to the Developer or its property manager of its purpose and duration of its intention to enter the Access Points or Equipment Space for the purposes of this Agreement (provided that where Bell is accessing the Building at the request of an Occupant for the purposes of specifically servicing that Occupant and his or her Unit and gains access to the Building by such Occupant, then Bell shall not be required to provide prior notice to the Developer as described above.
3. Bell shall, at its own cost (i) ensure that all work performed by Bell within the Building shall be performed in a good, workmanlike manner and in accordance with all applicable laws, regulations and codes and all relevant fire and building code requirements in force at the time of installation, and (ii) be responsible for the provision, installation, maintenance and repair of the Equipment owned by Bell (the "Bell Equipment") during the Term and any renewal thereof, although each individual Occupant may incur charges (at Bell's then applicable rates) relating to post-installation activities specific to such Occupant's in-suite requirements; and (iii) repair forthwith, at its sole expense, any damage to the Building, the Lands or Equipment Space where the damage is caused by Bell and those for whom it is responsible in law. Bell further covenants to forthwith repair, at its sole expense, any damage to the Building, the Lands or Equipment Space where the damage is caused by Bell and those for whom it is responsible in law. Except as otherwise provided in Section 22 of the Condominium Act, 1998, the Bell Equipment will remain the property of Bell at all times, and will not become a fixture despite any legal principle to the contrary. Developer agrees that it has no legal or equitable ownership interest in the Bell Equipment and shall not make any claim to the contrary. Nothing in this Agreement limits the Developer's right to repair any common elements of the Building; provided that where any such repair may affect Bell's Equipment, the Developer shall: (i) provide Bell with reasonable advance written notice to request Bell to adjust and/or move its Equipment before the repairs are made and which notice shall contain necessary particulars as determined by the Developer to permit Bell to comment as provided for in item (ii); and (ii) provide Bell with an opportunity to recommend changes to the planned nature, timing of commencement, duration or completion of such repairs or such other matter in respect of the repairs that do or are anticipated to have an impact on the Equipment or Bell's ability to deliver the Bell services. Despite the foregoing, where repairs undertaken by the Developer require Bell to move or relocate any of its Equipment, Bell shall, at its own option: (A) if the repairs will take eight (8) hours or less, provide one Bell technician for a maximum of one eight (8) hour period; or (B) if the repairs will take more than eight (8) hours, share the cost to facilitate the movement or relocation of the Equipment with the Developer on an equal 50%/50% basis to a maximum of fifty thousand dollars (CDN \$50,000.00), after which the cost will be the sole cost of the Developer.
4. Each party represents and warrants that: (1) it has full right, power and authority to enter into and perform its covenants and obligations in this Agreement ; (2) it is validly organized and existing under the name indicated on this Agreement.
5. Bell agrees to consent to and execute, if necessary, as a consenting party only, all documents presented to it by Developer which may be required to make application for or obtain a building permit or any other licences or permits required in connection with the development of the Building including, without limitation, any development agreement, collateral agreement, site plan agreement or

any agreement required pursuant to the Planning Act (Ontario), or any other similar agreement required by the municipality, or any other governmental body having jurisdiction therein and shall not object to any Official Plan amendment, rezoning, minor variance, severance, or other consent application filed by the Developer.

6. Despite anything contained herein to the contrary, Bell will be liable for and will indemnify and save harmless the Developer, its directors, officers, employees, and contractors, and those for whom it is responsible in law (collectively, the "Developer Indemnities"), from and against any and all;

(i) suits, actions, causes of action, proceedings or claims made by third parties (collectively, "Third Party Claims") arising from (a) the exercise by Bell or any of its officers, employees or contractors of the Right, (b) the provision or non-provision by Bell of Bell services to Occupants at the Building, (c) Bell's marketing and promotional activities conducted at the Building, and (d) physical damage to any tangible property or bodily injury, including death, to any third party person caused by, or arising out of any negligent act or omission relating to Bell's use and occupation of the Equipment;

Provided that:

(x) Bell Canada will not be required to indemnify or save harmless the Developer Indemnities to the extent of any such Third Party Claims or Losses are caused by any negligent or willful act or omission or any of the Developer Indemnities; and

(y) in the event of any of the Third Party Claims or Losses seek or comprise indirect, special, incidental or consequential damages, including loss of revenue, loss of profits, loss of business opportunity or loss of any facilities or property (collectively "Indirect Damages") Bell Canada will not be required to indemnify the Developer Indemnities for any such Indirect Damages to the Developer Indemnities by a court of competent jurisdiction and all appeals from such order of the court have been exhausted.

Bell Canada agrees that where Bell Canada is required to indemnify the Developer Indemnitees pursuant to this paragraph, such indemnity extends to reasonable legal fees incurred by the Developer Indemnitees to defend against the Third Party Claims. Upon becoming aware of Third Party Claims or Losses which could give rise to a claim of indemnification under this Agreement, the Developer shall notify Bell Canada of the circumstances of the Third Party Claims or Losses. If through the fault of the Developer, Bell Canada does not receive notice of any Third Party Claims or Losses in time to contest effectively the determination of any liability susceptible of being contested, it shall be entitled to set off against the amount claimed by the Developer the amount of any damages, losses, claims and expenses incurred by Bell Canada resulting from the failure of the Developer to give that notice on a timely basis.

With respect to any Third Party Claims, Bell Canada shall, at Bell Canada's expense, participate in or assume the conduct of the negotiations, settlement or defence of the Third Party Claims. Bell Canada shall assume the conduct of the negotiations, settlement, or defence of the Third Party Claims, and retain counsel on behalf of the Developer who is acceptable to the Developer, acting reasonably, to represent the Developer with respect to such defence. The Developer shall have the right to participate in the negotiation, settlement or defence of those Third Party Claims and if Bell Canada has not retained counsel on behalf of the Developer, to retain separate counsel to act on its behalf. However, if the Developer retains separate counsel to act on its behalf, the fees and disbursements of Developer's counsel shall be at the expense of the Developer unless:

- (a) The Developer determines, acting reasonably, that actual or potential conflicts of interests exist which make representation chosen by Bell Canada not advisable (such as where the named parties in respect of such Third Party Claims include both Bell Canada and the Developer, and the defences available to the Developer are different or in addition to those available to Bell Canada);
- (b) Or Bell Canada has authorized the retention of that counsel.

The Developer shall shall not settle or pay such Third Party Claims without Bell Canada's written consent.

The Developer and Bell Canada shall cooperate fully with each other with respect to Third Party Claims and shall keep each other fully advised with respect to the Third Party Claims (including supplying copies of all relevant documentation promptly as it becomes available). Where the defence of any Third Party Claim is being undertaken and conducted by Bell Canada, the Developer shall use all reasonable efforts to make available to Bell Canada, at the request and expense of Bell Canada, those employees and officers of the Developer whose assistance, testimony or presence is reasonably necessary to assist Bell Canada in evaluating and defending those Third Party Claims.

This Section shall survive the expiration or termination of this Agreement (with the express acknowledgement that the Developer Indemnitees will continue to be indemnified by Bell from and after the date of turn over to the Corporation).

7. The term of this Agreement is effective as of the Effective Date and shall continue to run for a period often (10) years from the Effective Date (the "Term"). Bell shall execute and deliver promptly upon request by the Developer and without charge any reasonable acknowledgement, release, consent or status statement, in respect of this Agreement and any easement or right-of-way registered on title as may be required to permit the registration of a declaration and description on all or any part of the Building and/or the Lands and subject to advice of Developer's counsel. Subject to the provisions of the Condominium Act, 1998, as amended, upon registration of a condominium plan in respect of the Building whereby a condominium corporation or similar entity is created (the "Corporation") prior to the expiry of the Term, the Developer shall, upon such registration, cause the Corporation to assume, duly ratify, and be bound by all the rights and obligations of the Developer as set out herein, including any easement or right-of-way registered on title on all or any part of the Building and/or the Lands. Unless a Party provides the other party hereto with written notice of its intention not to renew this Agreement at least one hundred and eighty (180) days prior to the expiration of the Term or Renewal Term (as defined below), this Agreement shall automatically renew for successive one (1) year renewal terms (the "Renewal Term") on the terms and conditions herein. Either Party may terminate this Agreement: i) for a material breach hereof, where such breach is not cured within thirty (30) days of receipt of written notice by the other party of such breach, or ii) immediately, in the event of bankruptcy, reorganization, assignment, petition or appointment of a trustee or such other act of insolvency of the other party. If the action of a governmental agency requires modification of Bell's Services or the terms in which they are provided which is inconsistent with the terms of this Agreement or impairs Bell's ability to provide Bell's Services in an economical and technically practical fashion, Bell may terminate this Agreement upon thirty (30) days' written notice to Developer all at no cost the Developer or the Corporation. Upon expiry or termination of this Agreement, Bell shall be allowed thirty (30) days to remove the Bell Equipment at its sole cost and expense if Bell exercises such right to remove the Bell Equipment and shall promptly repair the Building, Lands and Equipment Spaces(s) to their state immediately prior to such removal. Bell shall ensure that such removal does not interfere with any other telecommunications or communications services being provided to the Occupants (other than the applicable Bell Services) and that such removal does not render the use of telecommunications or communications by Occupants invalid.
